103 Lakeland	Windlab	2028	100				
104 Forsyth	Infigen Energy/Others	2035	70				
105 Mannum Wind Farm	Australian Energy Wind Farm	2023	64				
106 High Road	RATCH Power	2035	34				

**RENEWABLES LEADERS IN DEVELOPMENT APPROVALS, ENVIRONMENTAL ASSESSMENT AND MANAGEMENT SERVICES**

ng@nghconsulting.com.au  
www.nghconsulting.com.au

**RENEWABLE ENERGY SOLUTION RENEWABLECUBE**

Utility-scale renewable energy projects database and analytics on solar, wind, green hydrogen and storage

For more information, visit us at [www.rystadenergy.com](http://www.rystadenergy.com)

Australia's leader in repair, maintenance and inspection services for the wind energy industry

RIGCOM improves the efficiency and lifespan of your turbines through our world-class composite repair and LEP capabilities, coupled with our advanced blade and tower inspection services. RIGCOM also offers GWO certified blade repair training courses for technicians working in the wind industry.

**MADE IN AUSTRALIA TO DELIVER SUPERIOR VALUE**

**BUILT SMART FOR LIFE**

The Transformer Solution Specialist since 1933

- Power Transformers (650MVA)
- Distribution Transformers (5-1000KVA)
- Compact MV Substations
- Transformers for BESS
- Service and Support
- Monitoring & Control Solutions

[www.wtc.com.au](http://www.wtc.com.au)

**An Industry leader in High Voltage Solutions**

We offer specialist design, construction, commissioning and maintenance of high voltage infrastructure. Unrivaled portfolio of electrical balance of plant for renewable projects (over 4GW since 1996), including 43 wind farms across Australia.
